

QUEEN MARY'S SCHOOL, NORTHEND

HIGHLIGHTS

FEBRUARY & MARCH 2025

Dear Parents & Students

As our children successfully complete their learning milestone in the current academic session, we gladly share with you a glimpse of their journey of growth and development. The activities conducted at school play a crucial role in nurturing children. These activities go beyond academics and contribute to their holistic growth by supporting both their cognitive and socio- emotional development.

We hope and pray, that the coming session will be full of more fun and progressive learning as our little ones embark further in their journey of education.

THE METAMORPHOSIS: A NEW CHAPTER IN LEARNING

I AM THE WAY, THE TRUTH AND THE LIFE.
JOHN

The transition from kindergarten to grade 1 is a significant turning point for young children, as it marks the shift from a play-based learning environment to a more structured academic setting. Welcoming children in grade 1 is an important moment for setting a positive tone for their school year ahead. The class 1 teachers conducted a wonderful story telling session to provide a glimpse of primary school to our little graduates. They welcomed kindergarten children with garlands and beautiful handouts as the little ones are all set to begin a new milestone in learning.
