

MY SUMMER TIME – LEARNING BEYOND BOUNDARIES
CLASS VII
SESSION: 2026–27

Welcome to a summer break designed to spark your curiosity and power your potential! ☀️ This year, your My Summer Time is far more than just a set of tasks—it is an invitation to join a vital global mission. The United Nations’ Sustainable Development Goals (SDGs) are a blueprint for a better world, addressing our planet’s most urgent challenges, from environmental protection to social equality and responsible living. By dedicating our summer projects to these goals, we aren’t just studying problems; we are actively designing solutions. Through this experiential journey, you will awaken your Kaushal Bodh (skill-awareness), transforming textbook knowledge into real-world competencies and practical life skills. Kaushal Bodh is an NCERT vocational education program aligned with National Education Policy (NEP) 2020 and the National Curriculum Framework for School Education (NCF-SE) 2023, designed to promote practical learning, creativity, critical thinking, and environmental awareness among students.

The Eco-Puppet Island Adventure

Your learning journey this summer focuses on innovation and sustainable living, helping you understand how the choices we make today shape the world of tomorrow. Through 📖 SDG 4 (Quality Education), ♻️ SDG 12 (Responsible Consumption and Production), 🌍 SDG 13 (Climate Action), and 🌊 SDG 14 (Life Below Water), you will explore the importance of conserving oceans and marine life. Let us become thoughtful innovators and responsible citizens for a greener and brighter future!

This summer, two puppet friends discover a magical map to the enchanting Andaman and Nicobar Islands — and their adventure begins through your imagination.

Create two lively **ECO-PUPPETS** (using sustainable material like coconut, discarded cloth, fallen twigs) with unique personalities — one adventurous and cheerful, the other witty, thoughtful, or dramatic.

And now... the curtains rise!

As they finally step onto the breathtaking islands, nature transforms into their biggest teacher. Inspired by the unique wildlife and beauty around them, the Puppet friends begin creating their very own **“Pathway Pages”** inspired by wildlife of the islands. Inside their **Pathway Pages**, the Puppet friends will complete the following magical pages of learning.

Think and Answer:

❖ Present your puppet play in a proper script format using the template given below.

Include:

- Clear scene headings
- Character names
- Expressive dialogues
- Each scene should contain 8–10 dialogue lines.
Your puppet conversations should include:
 - Travel planning and packing discussions
 - As you are now also exploring the world of Financial Literacy, include conversations related to exciting travel planning and smart packing ideas, along with fun shopping moments where friends compare prices, budget wisely, and make thoughtful spending decisions.
 - Thoughtful discussions about protecting nature and wildlife

Make the dialogues lively, creative, meaningful, and engaging while showing imagination, wise spending habits, friendship, and learning through adventure.

S. No.	Character	Dialogue and style	Props required	Special effects (e.g., light and sound)
Scene 1				
1.				
2.				
3.				
Scene 2				
1.				
2.				

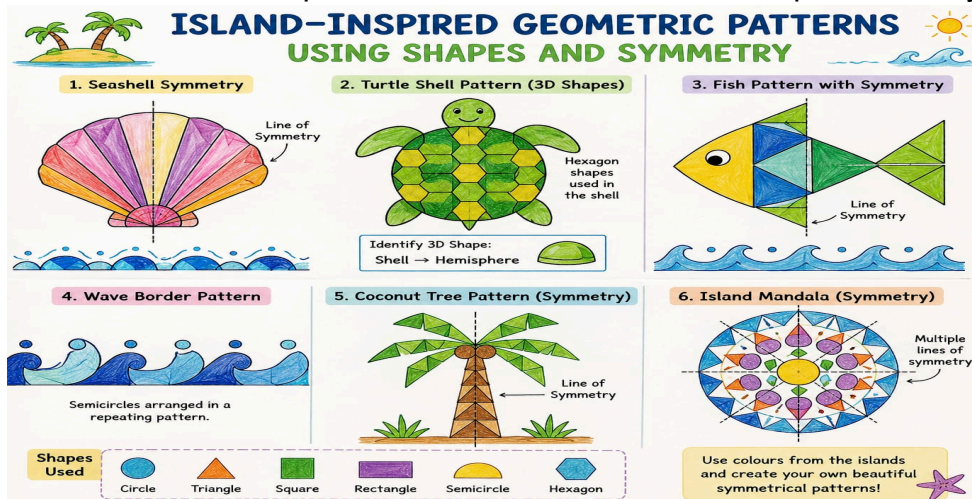

One friend says,
 “Look at the beautiful patterns on these shells!”
 The other smiles and replies,
 “Yes! Nature is full of shapes and symmetry.”

Now, explore the rich ecosystem of the Andaman and Nicobar Islands and create your own island-inspired 5 geometric patterns using shapes and symmetry. Use the picture given below for reference.

Think And Respond:

- ❖ Find and draw the lines of symmetry in your patterns.
- ❖ Measure and calculate the perimeter and area of different shapes used in your designs.

As the Puppet friends continue their Deep Sea Research, one friend says, "Look! These islands are close to countries like Indonesia and Myanmar." The other excitedly replies, "Wow! Let's learn how countries work together during sea storms and how island people depend on the sea for their daily life."

Explore & Answer:

- ❖ Draw the flags of India, Indonesia, and Myanmar. Name one shared technology, such as the Tsunami Warning System. Explain how sharing information and data between countries helps in global safety, disaster management, and peace.

While watching the colourful birds and marine animals around the islands, one puppet friend says excitedly, “How do we actually move so smoothly?”

Pause And Ponder:

- ❖ Explain the physical science of how your self designed Eco-Puppet will move. Will it use levers, strings (tension), or shadows (light)? Explain the principle involved in detail.
- ❖ Imagine yourself as an Eco- Ambassador. Write 3 Scientific actions or experiments you would lead to promote Responsible Consumptions in the islands.

समुद्र किनारे लोकसंगीत सुनते हुए एक कठपुतली मित्र उत्साह से कहता है, “वाह! मिनिर्काय द्वीप का ‘लावा’ नृत्य कितना ऊर्जावान और सुंदर है!”

दूसरा मित्र मुस्कराकर कहता है, “हाँ! क्यों न हम भी कठपुतली नृत्य के साथ समुद्र और पर्यावरण बचाने पर एक छोटा लयबद्ध गीत तैयार करें?”

रचो और प्रस्तुत करो:

- ❖ विद्यार्थी समुद्र संरक्षण, स्वच्छता और पर्यावरण बचाने पर एक छोटा गीत / कविता तैयार करें। यह गीत/कविता कठपुतली नृत्य पर आधारित होनी चाहिए जो संगीत और साहित्य को प्रकट करता हो।
- ❖ गीत में संदेश होना चाहिए कि समुद्र स्वच्छ रहे, जीव सुरक्षित रहें, और प्रकृति संतुलित बनी रहे।

As the friends walk along the beautiful island beach, one friend says, “These oceans are so beautiful! We must protect them.”

The other excitedly replies, “Let’s create something colourful.”

Think And Prepare:

- ❖ Prepare French Eco-poster in your Pathway Pages and write meaningful french slogan to Inspire Care For Nature And Oceans.

यदा मित्राणि सुन्दरद्वीपसमुद्रतटे गच्छन्ति तदा एकः मित्रः वदति यत् एते समुद्राः

एतावन्तः

सुन्दराः सन्ति। अस्माभिः तान् रक्षितव्याः अन्यः उत्साहितः उत्तरति। किञ्चित् रङ्गिणं

सृजामः।

चिन्तयित्वा सज्जीकुरुतः

- ❖ अण्डमाननिकोबारयोः पञ्च वनस्पतयः नामानि लिखित्वा तेषां लाभं वर्णयत।
- ❖ “वनसंरक्षणम्” विषये संस्कृतेन पोस्टरं कृत्वा प्रेरणायै सार्थकसंस्कृतनारा लिखन्तु।

INSTRUCTIONS FOR SUBMISSION

- All work must be done on proper **A4 size** sheets only along with **two puppet models**.
- Compile all the sheets neatly in one creative **handmade folder** titled “**Pathway Pages**”.
- Ensure that the work is presented in a tidy, imaginative, and appealing manner.

Wishing you joyful holidays filled with fun, creativity, and exciting learning adventures!
